WANTS TO BUY
THE MAUI NEWS

THE LATE COUNTY AUDITOR
WANTS THE REPUBLICANS OF
MAUI TO PURCHASE STOCK.

WAILUKU, Feb. 19.—L. R. Crook, ex-Auditor for the County of Maui, is still working on the proposition of buying the local "Maui News." In conversation the other day Mr. Crook stated that it was his intention to incorporate the Maui News Co. at a capital of \$7,000. With this amount he would be able to pay the purchase price of the present paraphernalia of the News and besides have a surplus with which to buy a new press of modern make. Crook will very shortly start the subscription list among the more prominent people of Maui. He intends to make it a non-political paper, and for this reason, desires to secure subscriptions for stock from people in charge of plantations and institutions which are Republican in sentiment.

It is conceded that there may be

some difficulty in his obtaining subscription for stock from those among the Republicans who have surplus cash to invest, on account of his affiliation with the Home Rule Party, but it is stated that he is able to raise the necessary capital, even should he not be successful among his political opponents. Mr. Crook states that if he cannot get support from Republicans as well as people of other parties, after he explains that it will be a non-political paper, he will not attempt to purchase the Maui News. The par value of the proposed stock, as at present contemplated, will be very low, in order to enable people of small means to subscribe for a few shares, and thus in a way encourage their subscription to the paper. The many friends of Crook wish him success in launching the new enterprise.

FILTERS
Are Germ Proof

To be in good health you must drink pure water. Today you are taking greater chances than ever of impairing your health by the use of unfiltered water. Avoid typhoid, which always follows heavy rain storms. Almost all cases of the disease are directly traceable to the use of unfiltered water.

Take no more chances and get a "NOXALL". You make no mistake for they pay for themselves in a very short time.

Doctor's bills are usually high. With Rubber or screw attachments, can be fitted to any faucet.
